

Extendicare Athabasca

At Extendicare Athabasca, we understand that each resident's quality of life depends on an approach to care that combines input from residents and family members with individual assessments from a team of trained caregivers. This approach ensures that support and care is tailored to meet the needs of each unique individual.

Our staff includes registered nurses; registered psychiatric nurses; licensed practical nurses; personal care aides and nursing aides; registered dietitians; dietary, housekeeping, laundry, and recreation staff; and a social worker to help, support and care for our residents. Physicians regularly attend our residents on site and we have access to physiotherapy and occupational therapy services. An experienced administrative team supports all of our healthcare staff. Our resident council and family advisory committee participate in the role of resident advocates.

Our home is located in a quiet residential neighbourhood, and is cozy, traditional, warm and friendly. Extendicare Athabasca has 22 private rooms and 14 semi-private rooms. It's small enough to be intimate but large enough to provide a range of programs and services. Residents are encouraged to bring additional items such as bedspreads, pictures or knickknacks to personalize their rooms.

A home environment needs to be safe to feel secure, so at Extendicare Athabasca there are call bells at each bed, in each washroom, and in all tub rooms. The home has a secure, 13-bed care unit equipped with a wander guard system, and is completely equipped with heat and smoke detectors, and a two-stage fire alarm system with pull stations.

Our home includes:

- a beauty salon
- an activity room
- a front lounge with TV
- a courtyard with gazebo, swing and greenhouse, and
- a large, bright horticulture room

Our programs and services include:

- a holistic – spiritual, emotional, physical, intellectual, social – approach to individualized therapy programs, and
- regular outings to points of interest

Exceptional Quality

Extendicare Athabasca is accredited by the Canadian Council on Health Services Accreditation.

We voluntarily participate in this accreditation process with the Regional Health Authority, and make our results publicly available to send a clear message that we strongly believe in our ability to deliver excellent care in quality facilities.

For more information regarding admission and placement, please contact the Regional Assessment Placement Coordinator at 1-877-967-4656, or, you may contact us directly at the number listed below.
