

Extendicare Cedars Villa

At Extendicare Cedars Villa, we understand that each resident's quality of life depends on an approach to care that combines input from residents and family members with individual assessments from a team of trained caregivers. This approach ensures that support and care is tailored to meet the needs of each unique individual.

Our staff includes program managers; registered nurses; licensed practical nurses; occupational and recreational therapists; care personnel; housekeeping and laundry aides; activity aides, and maintenance staff to help, support and care for the residents. All of our healthcare staff are supported by an experienced administrative team.

Our facility is warm, personal and open. Cedars Villa has 41 private rooms with their own ensuites, and 91 semi-private rooms. It's designed to be intimate but large enough to provide a range of programs and services. Residents are encouraged to bring additional items such as bedspreads, pictures or knickknacks to personalize their rooms. A home environment needs to be safe to feel secure, so at Extendicare Cedars Villa there are call bells at each bed, in each washroom, and in all tub rooms. Our building is also completely equipped with heat and smoke detectors, and a two-stage fire alarm system with pull stations.

Our facility includes:

- a library / reading room
- a salon
- an activity room
- lounges throughout the facility
- a tuck shop

- an auditorium, and
- six inner courtyards for fresh air in a secure environment (including patios, gazebos and a greenhouse)

Our programs and services include:

- comprehensive, restorative exercise programs
- regular outings to points of interest, and
- movies and entertainment
