

Extendicare Mayerthorpe

At Extendicare Mayerthorpe, we understand that each resident's quality of life depends on an approach to care that combines input from residents and family members with individual assessments from a team of trained caregivers. This approach ensures that support and care is tailored to meet the needs of each unique individual.

Our team includes doctors; registered nurses; registered psychiatric nurses; nursing attendants; personal care attendants; registered dietitians; occupational and physiotherapists; dietary, house-keeping and laundry aides; and a social worker, to help, support and care for our residents. An experienced administrative team supports all of our healthcare staff.

Our home is located in a quiet residential neighbourhood, and is cozy, traditional, warm and friendly. Extendicare Mayerthorpe has 22 private rooms and 14 semi-private rooms. It's small enough to be intimate but large enough to provide a range of programs and services. Residents are encouraged to bring additional items such as bedspreads, pictures or knickknacks to personalize their rooms.

A home environment needs to be safe to feel secure, so at Extendicare Mayerthorpe there are call bells at each bed, in each washroom, and in all tub rooms, as well as a wander guard system at each doorway. Our building is also completely equipped with heat and smoke detectors, and a two-stage fire alarm system with pull stations.

Our home includes:

- a library
- a salon
- an activity room, and
- a TV room

Our programs and services include:

- comprehensive and restorative exercise programs
- rehabilitation therapy
- podiatry, chiropody and denture services
- church services
- regular outings to points of interest, and
- movies

Exceptional Quality

Extendicare Mayerthorpe is accredited by the Canadian Council on Health Services Accreditation. We voluntarily participate in this accreditation process, and make our results publicly available to send a clear message that we strongly believe in our ability to deliver excellent care in quality facilities.
