

Extendicare Somerset

At Extendicare Somerset, we understand that each resident's quality of life depends on an approach to care that combines input from residents and family members with individual assessments from a team of trained caregivers. This approach ensures that support and care is tailored to meet the needs of each unique individual.

Our staff includes doctors, registered nurses, registered psychiatric nurses, care aides, registered dietitian, occupational and physiotherapists and rehab aide, recreation therapist and recreation aides, dietary, housekeeping and laundry aides, maintenance, and a social worker to help, support and care for our residents. All of our healthcare staff are supported by an experienced administrative team.

Our facility is located in a quiet residential neighbourhood, and is cozy, traditional, warm and friendly. Extendicare Somerset has six private rooms, 49 semi-private rooms, and three basic rooms. It's small enough to be intimate but large enough to provide a range of programs and services. Residents are encouraged to bring additional items such as bedspreads, pictures or knickknacks to personalize their rooms.

A home environment needs to be safe to feel secure, so at Extendicare Somerset there are call bells at each bed, in each washroom, and in all tub rooms. Our building is also completely equipped with heat and smoke detectors, a sprinkler system and a two-stage fire alarm system with pull stations.

Our facility includes:

- a hair salon
- a library cart
- an activity room
- a TV lounge and a visiting lounge
- a main dining room, and
- an enclosed garden for fresh air in a secure environment (including a shaded gazebo)
