

Extendicare Oakview Place

At Extendicare Oakview Place, we understand that each resident's quality of life depends on an approach to care that combines input from residents and family members with individual assessments from a team of trained caregivers. This approach ensures that support and care is tailored to meet the needs of each unique individual.

Our staff includes registered nurses, licensed practical nurses, healthcare aides, rehabilitation aides, recreation workers, housekeeping and laundry aides, maintenance workers; and a social worker to help, support and care for our residents. All of our healthcare staff are supported by an experienced administrative team.

Our facility is open, personal and pleasant. Oakview Place has 37 private rooms and 104 semi-private rooms. It's small enough to be intimate but large enough to provide a range of programs and services. Residents are encouraged to bring additional items such as bedspreads, pictures or knickknacks to personalize their rooms.

A home environment needs to be safe to feel secure, so at Extendicare Oakview Place there are call bells at each bed, in each washroom, and in all tub rooms. Our building is also completely equipped with heat and smoke detectors, a sprinkler system and a two-stage fire alarm system with pull stations.

Our facility includes:

- a library
- a salon
- an activity room
- landscaped grounds for fresh air in a secure environment (complete with fountains and pathways)

Our programs and services include:

- recreational programs with regular outings to points of interest
- occupational and physiotherapy
- foot care services
- optometry and dental services
- movies
- hairdresser, and
- physician services provided on site

Some 100 dedicated volunteers and an active pastoral care team contribute to quality of life and a sense of community within our facility.

Oakview Place also serves as a training site for students entering the healthcare sector.

Exceptional Quality

Extendicare Oakview Place is licensed by Manitoba Health, and is independently accredited by the Canadian Council on Health Services Accreditation. We voluntarily participate in this accreditation process, and make our results publicly available to send a clear message that we strongly believe in our ability to deliver excellent care in quality facilities.
