

Extendicare Halton Hills

Extendicare provides residents with the exceptional care and support that have established the company as a long-term care manager of choice in Canada. At Extendicare Halton Hills we understand that each resident's quality of life depends on an approach to care that combines residents' and family members' ideas with individual assessments from a team of trained caregivers. Our team includes registered nurses, registered practical nurses, healthcare aides, activity and therapy staff, a social worker, and dietary and environmental staff to help, support and care for our residents. An experienced administrative team supports our healthcare staff.

Extendicare Halton Hills is home to 130 residents, living in private and standard rooms on two levels. It's small enough to be intimate but large enough to provide a range of programs and services. Residents are encouraged to bring small items such as bedspreads, pictures, or even favourite furniture to personalize their rooms.

Our home environment is safe and secure, with heat and smoke detectors, sprinklers, a fire alarm system, and call bells at each bed, in each washroom and in all tub rooms.

Our home includes:

- five resident home areas, each serving 25 to 28 residents, with dining, activity and lounge spaces
- an interfaith spiritual common area
- a bright and spacious beauty salon
- memory boxes that allow residents to display personal treasures
- a celebration dining room for private family functions
- a country kitchen for informal resident dining, home baking and activity programs
- three interior landscaped courtyards, and
- secure second-floor balconies

Our programs and services include:

- comprehensive and restorative therapy programs
- regular outings to points of interest
- multi-denominational spiritual services, and
- a variety of recreational and therapeutic programs

Exceptional Quality

Extendicare Halton Hills is committed to providing superior-quality, resident-oriented and cost-effective health care services. Dignity and respect characterize our philosophy of care. We implement rigorous standards that we regularly assess and update to ensure they meet residents' physical, spiritual, social, emotional and intellectual needs.
