

Extendicare Port Hope

At Extendicare Port Hope we understand that each resident's quality of life depends on an approach to care that combines resident and family members' wishes with individual assessments from a team of trained caregivers. Our team includes registered nurses; registered practical nurses; healthcare aides; activity and therapy staff; a social worker; dietary and environmental staff who work collaboratively to provide the required care to all residents. An experienced administrative team supports our healthcare staff.

Our home is warm, open, personal and pleasant. 128 residents will call Extendicare Port Hope home, living in private and semi-private (standard) rooms on two levels. It's small enough to be intimate but large enough to provide a full range of programs and services. Residents are encouraged to bring small items such as bedspreads, pictures or even favourite piece(s) of furniture to personalize their rooms. Memory boxes, located at each room's entrance, give residents a chance to display personal treasures and collectibles.

A home environment needs to be safe and secure for residents. Extendicare Port Hope has call bells at each bed, in each washroom and in all bathing rooms and common areas. Our building is completely equipped with heat and smoke detectors, a wandering resident safety system and a two-stage fire alarm system with multiple pull stations.

Our home includes:

- Four resident home areas, each serving 32 people with dining, activity and lounge space
- An interfaith spiritual room

- A bright and spacious beauty salon and barbershop
- A “Celebration” dining room for private family functions, and
- Secure outdoor space is offered through the landscaped interior courtyards and terrace on upper level

Our programs and services include:

- Comprehensive and restorative therapy programs
- Regular outings to points of interest
- Multi-denominational spiritual services, and
- A variety of recreational and therapeutic programs

Exceptional Quality

Extendicare Port Hope is committed to providing superior quality, resident oriented health care services. Dignity and respect characterize our philosophy of care. We adhere to rigorous standards and regularly assess and adjust our services to ensure they meet our residents’ physical, spiritual, social, emotional and intellectual needs.

Contact us directly for more information regarding admissions, or contact the Community Care Access Centre of Haliburton, Northumberland & Victoria at (800) 347-0285.
