

Extendicare York

At Extendicare York, we understand that each resident's quality of life depends on an approach to care that combines input from residents and family members with individual assessments from a team of trained caregivers. This approach ensures that support and care is tailored to meet the needs of each unique individual. We are committed to "helping people to live life" by providing a comfortable, caring atmosphere that our residents can call home.

"Your kind, loving care was greatly appreciated and the compassionate and professional attention my sister received during her stay will be truly treasured memories for us. We would be remiss if we did not acknowledge the kindness accorded to us, her family."

— *Kind words from one family*
